

## PO35

SOLAR 2800 LUMEN LED AREA LIGHT  
(WITH 10FT OR 15FT POLE)

Utilizes super-efficient high-output SMD LED technology.

Complete 3D lighting renderings available for your application.

This high quality solar powered lamp post should emit powerful and reliable lighting year-round at most locations. A bright 18 Watt, 2,800 lumen light is included with a 38 Watt solar panel and 154 Watt hour lithium battery pack. LED color temperature of 6000K or 3000K can be selected. The light fixture includes a remote control programmer to select the lighting modes to meet your requirements. The standard lighting sequence is 100% power for 3 hours, 40% power for 4 hours, and 20% for the remainder of the night. The light will revert to 40% power if movement is detected. Other light modes include timed options, dimming, and motion control. The fixture includes a choice of a 10ft or 15ft pole. Color of light and pole is black. IDA Dark Skies certified and approved.

## PO35

### SOLAR 2800 LUMEN LED AREA LIGHT (WITH 10FT OR 15FT POLE)

#### PERFORMANCE

- Typically dusk to dawn illumination.
- 3000k or 6000k color temperature (selected with remote control).
- Default lighting mode is 100% output for 3 hours, 40% for 4 hours, and 20% until sunrise. Light switches to 40% when motion is detected.
- Other light modes include: On at 30% power, switches to 100% power when motion is detected. Timed modes 4, 6 or 12 hours.
- Light automatically illuminates at sunset.
- Discrete on/off switch for manual over-ride.
- Aluminum construction.
- Black colored finish.
- I.P. 65 weather rating.
- IDA Dark Skies Certified.

#### LUMINAIRE

- Supplied with 18W LED power.
- Light produces 2,800 lumens at full power.
- Fitted with microwave motion sensor for 360-degree detection.
- 3000k or 6000k color temperature (selected with remote control).
- Entire product stands approximately 17.5" (45cm) high.
- Top section of light fixture is approximately 23.75" (60cm) wide.

#### POLE

- 10' (3m) or 15' (4.5m) black galvanized steel pole included.
- Fitted with an approx. 10" x 10" base plate.
- Pole is supplied with J-bolt anchor kit/template.

#### SOLAR PANEL

- Fitted with a 18V 38 Watt Monocrystalline solar panel.
- The solar panel is fixed discretely into the top of the lampshade.

#### BATTERY

- Supplied with pre-installed 12.8V 154 WHr lithium LifePO4 battery.

#### CHARGE CONTROL

- Internal battery over-charge and dis-charge protection.
- Automatic light activation at sunset
- Light modes can be selected with included remote control.
