

FL06 Solar LED Flag Pole Light

This compact, stand-alone, self-contained, solar powered flag pole light is ideal for illuminating flag pole up to about 6M high. Designed to illuminate from the ground or base of the flag pole, upwards. The light fitting incorporates 45 Cree® LEDs. 4W LED power with an output of 360 lumens. Capable of automatically illuminating after dusk for up to several hours or dusk to dawn in some locations. Choice of solar panel options (6W, 7W, or 10W). A higher wattage solar panel is recommended for less favourable locations or where maximum efficiency and performance is required. The solar panel is supplied with about 3M of cable so that it can be installed some distance away from the light fitting, in an exposed location, facing as south as possible. A solar panel extension cord is available. The light fitting and solar panel are each supplied with a U shaped mounting bracket. Simple, plug & play installation.

LUMINAIRE

- 4W LED power providing 360 lumens
- Aluminium construction
- Black coloured finish
- White coloured light output (daylight white, 5,000K)
- IP65 weather rated
- Dimensions approx. 18cm x15cmx15cm
